

Overhead & Gantry Cranes Seminar

1 Who Should Attend . . .

This program is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and worker's compensation costs
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work
- ▶ Business owners who want to learn about compliance with MIOSHA

2 Why you need this Seminar . . .

- ▶ To reduce disabling injuries and illnesses to employees - and to ensure that every worker goes home safe and healthy every day.
- ▶ To reduce the high direct costs of work-related injuries, which grew to \$42.5 billion nationally in 2000, and indirect costs, which were estimated at an additional \$127 - \$212 billion in 2002. (*2003 Liberty Mutual Safety Index.*)
- ▶ To enhance your company's bottom line. A strong safety and health commitment not only protects workers, it also reduces worker's compensation costs, improves employee morale, and increases production and quality.

3 What You'll Learn . . .

This MIOSHA program involves safety training to address specific occupational safety hazards associated with operating overhead cranes and the compliance requirements of MIOSHA General Industry Safety Standard Part 18, Overhead and Gantry Cranes. Topics include construction requirements, safeguards, controls, operating procedures and practices, inspections and employee training and testing. Other MIOSHA crane-related topics to be covered will be slings, noise, and lockout of hazardous energy sources.

Agenda

We offer a flexible program agenda to emphasize the topics you want most.

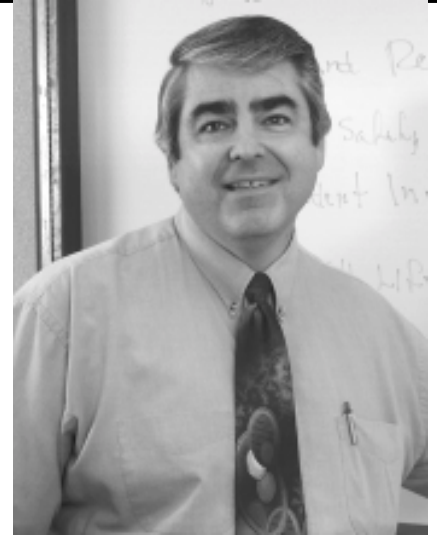

- ▶ Construction requirements, safeguards and controls
- ▶ Operating practices & procedures, employee selection & training.
- ▶ Review of GI Standard Part 18
- ▶ Inspection Requirements

Facilitator

Rob Stacy was appointed to MIOSHA in 1997 as a General Industry Safety Officer bringing with him over 25 years of safety and health experience. Rob joined the Consultation Education and Training Division in 1999 as an Occupational Safety Consultant. Rob provides consultation, training, hazard surveys and seminars throughout western Michigan for employers and employees.

Rob earned an A.A.S. degree in Airways Management, B.A. degree in Organizational Leadership and is currently pursuing a Masters Degree in Public Administration.

Presenters: Rob Stacy, Occupational Safety Consultant, MIOSHA, CET Division and Craig Derks from Star Crane.
